BOX TROLLEYS BT

The Box trolleys are universal equipment for transport of small goods, wrapping, cartons, boxes, textile, etc. They are suitable for outdoor and indoor use in stores, production and warehouse premises, tailoring companies, hospitals, etc. The meshwork areas protect the load from falling or spilling. The moveable longitudinal half-side secures convenient quick and easy access to inside area of the trolley. The main types which are produced and are available in stock are with load capacity from 280 kg to 540 kg., with different platform sizes.
