TWO-BASKET TROLLEY TCT-150-700x450-VPA

The Two-basket trolley is suitable equipment for transport of all kinds of loads - cartons, boxes, folders, packages, small-sized items, etc. in administrative, production and storage facilities. The compact dimensions, two handles and two baskets make the trolley convenient to move of details between production lines, preparing and sorting of items in warehouses. All of the castors are swivels, with non-marking gray rubber tread and ensure maneuverability.
